Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes there were no suspended entries of subject merchandise during the POR for an exporter or producer. Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate(s) based on the final results for the review period. Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection to liquidate at the calculated antidumping duty assessment rate for the review period. As explained in detail in the Issues and Decision Memorandum, there were no suspended entries of subject merchandise from CSAC during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are rescinding this administrative review in accordance with 19 CFR 351.213(d)(3).

Cash Deposit Requirements

As Commerce is rescinding this administrative review, cash deposit rates will not change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).
